Safety Data Sheet

SURFACE CLEANER

Section 1. Identification

Product Use: Non-pathogenic microbial cleaner for hydrocarbon residue
Date Issue: 10/2012

Emergency Telephone Number (U.S): 1-800-535-5053
Emergency Telephone Number (International): 1-352-323-3500
Prepared by: AQUA Tite Innovative Solutions
Website: www.aquatiteusa.com
E-mail: aqua@aquatitenh.com

Section 2. Hazard(s) Identification

HMIS Hazard Rating
0 = Insignificant 1 = Slight 2 = Moderate 3 = High 4 = Extreme

HEALTH	1	FLAMMABILITY	0	REACTIVITY	0	SPECIFIC HAZARD	0
---------------	----------	---------------------	----------	-------------------	----------	------------------------	----------

Emergency Overview

Considered non-toxic (16 CFR 1500 3 Code of Federal Regulations 16 Federal Hazardous Substances Act Regulations Part 1500 3); however, as with any cleaner, avoid ingestion, eye contact, and prolonged exposure to the skin.

SARA HAZARD: TITLE III SECTION 313: NOT LISTED FIRE (SECTION 311/312): NONE
OSHA: NOT LISTED NTP: NOT LISTED IARC: NOT LISTED

NOTE: As a result of the manufacturing process, Surface Cleaner does not present the occupational health risks, if any, associated with exposure to its undiluted raw material ingredients.

2.1 GHS label elements, including precautionary statements:

Signal Word: Warning
Symbol(s)/Pictogram(s): None Required

Hazard Statement(s)
H303 May be harmful if swallowed
H316 May cause mild skin irritation
H320 May cause mild eye irritation

Precautionary statement(s)
P102 Keep out of the reach of children
P260 Do not breathe fume/mist/vapors/spray
P301+P330+P331 IF SWALLOWED: Rinse mouth and throat thoroughly. Continue drinking water to dilute. Product is non-toxic; however, if it is suspected that large amounts have been swallowed, seek medical advice/call poison control.
P303+P361+P353 IF ON SKIN (or hair): Rinse skin with water and soap. Reduce or discontinue contact with product.
P304+P340 IF INHALED: Effects from inhalation are unlikely, however, symptoms develop move to fresh air.
P305+P351+P338 IF IN EYES: Flush with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.
P337+P313 If eye irritation persists: get medical advice/attention.
P363 Wash contaminated clothing before reuse.

2.2 Occupational Exposure Limits

PEL: No OSHA PEL
TLV: No ACHIH TLV

Additional Information: See Toxicological Information (Section 11)

Section 3. Composition/Information on Ingredients

This product is an aqueous biodegradable, non-toxic concentrated vapor suppressant/odor abatement cleaning treatment with natural, non-pathogenic microbe strains that target unwanted hydrocarbon residues.

THE IDENTITY OF INDIVIDUAL COMPONENTS OF THIS PRODUCT IS PROPRIETARY INFORMATION AND REGARDED AS A TRADE SECRET.

THIS PRODUCT IS NOT CONSIDERED TO BE OR TO CONTAIN HAZARDOUS SUBSTANCES PER SARA TITLE III OR TSCA EPA INVENTORY LIST.

Section 4. First Aid Measures

- Eye Contact:** Immediately flush eyes with plenty of water for several minutes. Check for and remove any contact lenses. Get medical attention if symptoms persist.
- Skin Contact:** Wash contaminated skin with plenty of soap and water. Remove contaminated clothing and shoes. Get medical attention if irritation develops.
- Inhalation:** Effects are unlikely. If symptoms develop, move to fresh air.
- Ingestion:** Rinse mouth and throat thoroughly with water and then continue to drink water to dilute. Get medical attention if symptoms persist or it is suspected that a large quantity was ingested.

Section 5. Fire Fighting Measures

- Flash Point:** None
- Flammability:** Non-flammable
- VOC's:** None
- Extinguishing Media:** N/A
- NFPA Rating:** 1/0/0

Section 6. Accidental Release Measures

- 6.1 Personal Precautions:** Wear disposable gloves and eye protection.
- 6.2 Spills:** Rinse with water to eliminate potential slips and falls. Product does not pose significant hazard.
- 6.3 Disposal Method:** Product will not harm environment if released in any quantity, however, any disposal must be done in accordance with federal, state, or local regulations.

Section 7. Handling and Storage

- 7.1 Handling:** Put on appropriate personal protective equipment (see section 8). Avoid contact with eyes and skin. Adopt good chemical hygiene practices when handling, carrying, and dispensing. Wash thoroughly after handling.
- 7.2 Storage:** Store in container protected from direct sunlight in a dry, cool and well-ventilated area. Keep away from children, food, and drinking water. Store the product in tightly closed and labeled containers.

Section 8. Exposure Controls/Personal Protection

- 8.1 Exposure controls:** As the use of adequate technical equipment must always take priority over personal protection equipment, make sure that the workplace is well ventilated. Personal protection is indicated below.
- HANDLING PROTECTION:** Protect hands with work gloves, such as those with PVC, neoprene, nitrile, or equivalent.
- EYE PROTECTION:** Protective goggles or glasses are recommended particularly if splashing may occur or if high-pressure washing creates a mist.
- SKIN PROTECTION:** None required, however, for extended or frequent use, gloves are recommended.
- RESPIRATORY PROTECTION:** Use with adequate ventilation. Additional personal respiratory protection is not necessary.

Section 9. Physical and Chemical Properties

- Boiling Point:** 212°F
- Vapor Pressure:** MM/HG: <.01 at 70°F
- Solubility in water:** Complete
- Specific Gravity:** 1.00 +/- .01
- PH (1% solution):** 9.0
- Appearance & Color:** Slightly viscous liquid, light green color
- Fragrance:** Mild fresh scent

Section 10. Stability and Reactivity

- Chemical Stability:** Stable
- Conditions to Avoid:** None
- Materials to Avoid:** Materials known to cause violent reaction with water
- Hazardous Decomposition Products:** None

Section 11. Toxicological Information

- 11.1 Information on Effects:** Product is non-toxic. Abnormal exposure may cause eye irritation and excessive dryness. Product is non-corrosive and non-irritating to normal skin. Overexposure to skin may cause redness, rash, and/or dryness. Ingestion may cause nausea and sickness.

Section 12. Ecological Information

12.1 Environmental Effects: This product is not expected to be dangerous to the environment with respect to mobility, persistency and biodegradability, bio-accumulative potential, aquatic toxicity and other data related to eco-toxicity.

12.2 Aquatic Eco-toxicity: No known significant effects or critical hazards.

Section 13. Disposal Considerations

13.1 Waste Information: Waste must be disposed of in accordance with federal, state and local environmental control regulations. Consult your local or regional authorities for additional information.

Section 14. Transport Information

DOT Classification: Class 55
Proper Shipping Name: Cleaning Compound
Placard/Hazard: None required

Section 15. Regulatory Information

Preparation does not contain ingredients listed as dangerous substances in Annex 1 of the EEC directive 67/548.

Section 16. Other Information

The information supplied in this Safety Data Sheet is designed only as guidance for the safe use, storage, and handling of the product. This information is correct to the best of our knowledge and belief at the date of publication. However, no representation, warranty, or guarantee of any kind, expressed or implied, is made to its accuracy, reliability or completeness. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any other process. We assume no responsibility for any loss, damage or expense, direct or consequential, arising out of use. It is the buyer's responsibility to ensure that activities comply with federal, state, and local laws.
